

# Ngāti Tamainupō Repository Tips for Public Users

1. Click on the Repository Tile on the website. View public Repository files.
2. If you wish to have access to restricted files, request access from Ngāti Tamainupō and follow the instructions provided to you.
3. All files at public level will be viewable only.
4. You will be provided with user rights based on your access level. Request access or reach out to a Ngāti Tamainupō administrator if you wish to discuss any of the files available or receive greater access privileges.
